

Michail Markou

Leader

Dear Konstantina Kotsia,

I am excited to apply for the Leadership Trainee Program at Coca-Cola, a company whose commitment to innovation, community engagement, and excellence resonates deeply with my values and career aspirations. My background in software version control, project management, and community service has cultivated a blend of leadership, collaboration, and problem-solving skills that align with Coca-Cola's vision for empowering communities and driving sustainable growth.

In my role as a Version Control Administrator and Unreal Engine Developer, I managed software version control systems and engaged in video game development. Although at first glance this experience may seem unrelated to Coca-Cola's industry, the underlying skills of collaboration, innovation, and efficiency in managing digital assets are crucial in today's data-driven business environment. My capacity to lead cross-functional teams and foster creativity can contribute to Coca-Cola's digital transformation initiatives and marketing campaigns.

In addition to my professional experience, my academic achievements have been marked by a commitment to excellence and leadership. I graduated with honors and earned an MBA, wherein I received a prestigious first-place nationwide in Greece award in Business Strategy. As a Bachelor and MBA class representative for 4 years, I was acknowledged for my ability to lead and effect positive change – qualities that are essential for a leader at Coca-Cola, where innovation and strategic thinking drive global impact.

My engagement in personal and community development further aligns with Coca-Cola's commitment to corporate social responsibility:

- **Fitness Training and Powerlifting:** As a fitness trainer and gold medalist in powerlifting, I understand the value of wellness, which is symbiotic with Coca-Cola's focus on providing a range of beverages for a healthy lifestyle.
- **Volunteering and Community Service:** I actively participate in environmental cleaning and caring for dogs. This reflects shared values with Coca-Cola's sustainability and community engagement initiatives.

I am particularly enthusiastic about the opportunity to contribute to Coca-Cola's goals in sustainability, community empowerment, and innovative growth. I am confident that my diverse skillset and commitment to excellence make me an asset to the Leadership Trainee Program.

Thank you for considering my application. I am very interested in how I can contribute to Coca-Cola and would be thrilled to discuss this in more detail. I will follow up in a week to inquire about the possibility of scheduling a conversation.

Sincerely,

Michail Markou
